STAT

I called Kirk about the attached letter from [redacted] and told him I intended to hold it for you unless he had other ideas. He said to hold it because he was holding it until the DCI got back.

I asked the girls to see if they could find the reference mentioned in the last paragraph of the blue-paper memorandum, but it didn't seem to be in our files.

It would seem to me that most of your memorandum to the IG of last January 17 applies to this proposal.
